Detailed Plan for Lectures

Week Number	Lecture Number	Broad Topic (Sub Topic)	Chapters/Sections of Text/reference books	Other Readings, Relevant Websites, Audio Visual Aids, software and Virtual Labs	Lecture Description	Learning Outcomes	Pedagogical Tool Demonstration/ Case Study / Images / animation / ppt etc. Planned	Live Examples
Week 1	Lecture 1	Zero lecture, Parts of Speech: pair nouns and group nouns, reflexive and emphatic pronouns, royal order of adjectives, participle from of adjective	T-1 R-1	RW-1	Orientation to the course and guiding students about the key aspects of EDU REVOLUTION: BE THE CHANGE i.e. Course Equivalence and Attendance Relaxation, Recognition of Prior Learning (RPL), Grade Revision and Overall Welfare (GROW), Continuous Assessment Reduction Through Experience (CARE), 10 % Attendance waiver for students in Pre-final/Final year of the programme & Student Committees Participation Also, highlighting the significance of the	Grasping the essence of the EDU-REVOLUTION requires a thorough examination of its eligibility criteria, which encompass CGPA and grade requirements, certifications, projects, applicable years and terms, and the number of opportunities available. These criteria are seamlessly integrated with the RPL (Recognition of Prior Learning) and Attendance Waiver schemes, offering students enhanced flexibility and benefits. Furthermore, a clear understanding of the course structure,	Text Book (OXFORD PRACTICE GRAMMAR)	

					course in academic, professional, and real-world contexts. Also, introducing the relevance of course, skill that will be taught, CA and examination pattern etc., exploring the pair nouns, group nouns and the use of reflexive and emphatic pronouns. examining the royal order of adjectives and the participle form of adjectives, explaining how these structures shape sentence meaning and provide clarity in communication.	objectives, expectations, and success metrics is crucial for effectively navigating and thriving within this transformative educational paradigm. Orientation to the course enhancing clarity and precision in communication, students will be able to effectively use pair nouns, group nouns, reflexive and emphatic pronouns, the royal order of adjectives, and participle forms of adjectives in both written and spoken contexts.		
Week 2	Lecture 2	Parts of Speech: adjective and adverbs, adverbs and word order, combination of preposition with nouns and adjectives, linking words	T-1 R-1	RW-1	Making students understand the correct usage of adjectives and adverbs, the relationship between adverbs and word order, and the combination of prepositions with nouns and adjectives is crucial for effective communication. This lecture also covers the role of linking words in connecting ideas	Understanding the correct usage of adjectives and adverbs, the relationship between adverbs and word order, the combination of prepositions with nouns and adjectives, and the role of linking words, students will be able to apply these concepts to improve the clarity and coherence of their	Text Book (OXFORD PRACTICE GRAMMAR)	

					and improving sentence flow. Through practical examples, students will gain a deeper understanding of how these elements function together to enhance both written and spoken language.	written and spoken communication.		
Week 3	Lecture 3	Tenses Review: comparison of present continuous or present simple, past continuous or past simple, present perfect or past simple	T-1 R-1	RW-2	Presenting the usage of the present continuous vs. present simple, past continuous vs. past simple, and present perfect vs. past simple, this lecture focuses on the key differences in tense usage for describing actions in time. Students will learn when to use each tense to convey ongoing actions, habits, completed events, and experiences. Through examples and practical exercises, students will develop a deeper understanding of how these tenses impact meaning and improve clarity in both written and spoken communication.	Skilfully constructing sentences with the concept of comparison between present continuous and present simple, past continuous and past simple, as well as present perfect and past simple, students will be able to accurately convey time-related actions and events, enhancing the clarity and precision of their communication.	Text Book (OXFORD PRACTICE GRAMMAR)	

Week 4	Lecture 4	Tenses Review: present perfect continuous or simple, review of present and past tenses, review of past simple, continuous and perfect	T-1 R-1	RW-2	Emphasizing the learning of the present perfect continuous vs. present perfect simple, this lecture provides a comprehensive review of present and past tenses, focusing on the distinctions between past simple, past continuous, and past perfect. Students will explore how each tense conveys different aspects of time, duration, and completion, and will apply these concepts through practical exercises to strengthen their understanding and usage in both written and spoken contexts.	Elevating students' ability to accurately distinguish and apply the present perfect continuous and present perfect simple, as well as the past simple, past continuous, and past perfect tenses, students will enhance their skills in expressing time, duration, and completion, leading to greater clarity and precision in their communication.	Text Book (OXFORD PRACTICE GRAMMAR)	
Week 5	Lecture 5	Modals Review: comparative usage of modal verbs of ability, permission, possibility, necessity	T-1 R-1	RW-3	Discussing the usage of modal verbs, this lecture will focus on their application in expressing ability, permission, possibility, and necessity. Students will compare the different modals used in each category, such as can, could, may, might, must, and should, highlighting their distinctions and	Developing a clear understanding of the comparative usage of modal verbs, students will be able to differentiate between modals expressing ability, permission, possibility, and necessity. They will gain the skills to accurately select and apply these modals in various contexts,	Text Book (OXFORD PRACTICE GRAMMAR)	

					appropriate contexts. Through practical examples, students will gain a clear understanding of when and how to use these modals effectively in both formal and informal situations.	enhancing both their spoken and written communication. Through practice, students will also improve their ability to express nuanced meanings and intentions using the appropriate modal verbs.		
Week 6	Lecture 6	Modals Review: comparative usage of modal verbs of request, suggestions, offers, invitations	T-1 R-1	RW-3	Signifying the usage of modals in everyday communication, this lecture will compare modal verbs for requests, suggestions, offers, and invitations. We will focus on modals like can, could, would, and may, exploring their use in different social contexts. Students will practice using these modals effectively through examples.	Identifying the function of modal verbs in making requests, suggestions, offers, and invitations, students will develop the ability to distinguish between these modals and use them appropriately in various situations. They will gain confidence in expressing politeness, making formal or informal requests, offering help, and extending invitations. Through targeted practice, students will refine their understanding of tone and context in using these modals effectively in both spoken and written communication.	Text Book (OXFORD PRACTICE GRAMMAR)	

Week 7	Lecture 7	Spill Over						
Week 8	MTE							
Week 9	Lecture 8	Determiners: predeterminers, possessive determiners	T-1 R-1	RW-4 RW-5	Illustrating the usage of determiners, this lecture will focus on predeterminers and possessive determiners. Students will explore how predeterminers like all, both, and half modify nouns, and how possessive determiners such as my, your, and their indicate ownership or association. Through examples and exercises, students will learn to identify and correctly use these determiners in various contexts to add clarity and precision to their sentences.	Developing a clear understanding of the role and function of determiners, students will be able to distinguish between predeterminers and possessive determiners. They will gain the ability to accurately use these determiners to modify nouns, clarify meaning, and express ownership or quantity in sentences. Through practice, students will enhance their grammatical accuracy and fluency in both written and spoken communication.	Text Book (OXFORD PRACTICE GRAMMAR)	
Week 10	Lecture 9	Determiners: demonstrative determiners, quantifiers	T-1 R-1	RW-4 RW-5	Signifying the intricacies of determiners, this lecture will focus on demonstrative determiners and quantifiers. Students will examine how demonstratives like this, that, these, and those are used to specify nouns in	Understanding the relevance of demonstrative determiners and quantifiers, students will be able to differentiate between these types of determiners and apply them correctly to indicate specificity and quantity. They will	Text Book (OXFORD PRACTICE GRAMMAR)	

					relation to distance or context. Additionally, students will explore quantifiers such as some, many, few, and several, which express quantity or amount. Through practical examples and exercises, students will gain a deeper understanding of how to use these determiners to convey specific meanings in everyday communication.	develop the ability to use demonstratives to show proximity or distinction and quantifiers to express amounts or frequency. Through practice, students will improve their accuracy and fluency in using determiners to convey clear and precise meaning in both written and spoken communication.		
Week 11	Lecture 10	Reported speech: direct speech and reported speech, overview of rule changes in reported speech	T-1 R-1	RW-6 RW-7	Discussing different aspects of reported speech, this lecture will cover the distinctions between direct speech and reported speech. Students will explore the key rule changes when converting direct speech into reported speech, including shifts in pronouns, verb tenses, and time expressions. Through examples and exercises, students will gain a clear understanding of how to accurately report what others have said while adhering to these	Enabling students to construct accurate sentences in both direct and reported speech, this learning outcome focuses on understanding the key rule changes involved in transforming direct speech into reported speech. Students will gain the ability to apply the correct tense shifts, pronoun adjustments, and other structural changes when reporting statements, questions, and commands. Through practice, students will enhance their ability to	Text Book (OXFORD PRACTICE GRAMMAR)	

					grammatical changes.	effectively report speech in various contexts, ensuring grammatical accuracy and clarity in both written and spoken forms.		
Week 12	Lecture 11	Reported speech: reported questions, reported requests and reported offers	T-1 R-1	RW-6 RW-7	Indicating the applicability of reported speech, this lecture will focus on reported questions, reported requests, and reported offers. Students will examine the specific rules for converting direct questions, requests, and offers into reported speech, highlighting changes in word order, punctuation, and modals. Through practical examples, students will gain the skills to accurately report these types of speech while maintaining correct grammatical structure and meaning.	Attaining proficiency in the correct usage of reported questions, reported requests, and reported offers, students will learn to accurately transform these forms of speech into reported speech while maintaining proper tense, word order, and structure. They will develop the ability to convey questions, requests, and offers in reported form, adjusting pronouns and auxiliaries as needed. Through focused practice, students will improve their skill in reporting speech naturally and correctly in both written and spoken communication.	Text Book (OXFORD PRACTICE GRAMMAR)	

Week 13	Lecture 12	Vocabulary: idioms, collocations, and formulaic expressions	Worksheets and Discussion	Worksheets and Discussion	Indicating the applicability of vocabulary idioms and collocations, this lecture will explore how fixed expressions enhance language fluency and comprehension. Students will examine idioms and collocations, their meanings, and their role in communication. The session will highlight learning challenges and provide strategies, using examples and exercises to master these expressions.	Enabling students to construct meaningful sentences using idiomatic expressions, this learning outcome focuses on helping students understand and apply a range of common idioms in context. Students will develop the ability to use idioms appropriately in both spoken and written communication, enhancing their fluency and cultural understanding. Through practice, they will improve their capacity to express ideas more creatively and naturally, while also gaining confidence in interpreting idiomatic language in different situations.	Text Book (OXFORD PRACTICE GRAMMAR)	
Week 14	Lecture 13	Spill Over						
Week 15	Lecture 14	Spill Over						
Week 16	ETT							

CA Category of this Course Code is: A0303 (3 out of 3)

COMPONENT	WEIGHATGE
Test 1	33.33%
Presentation-Individual 1	33.33%
Test 2	33.33%

Details of Academic Task(s)

Academic Task	Objective	Detail of Academic Task	Nature of Academic Task (group/individuals)	Academic Task Mode	Marks	Allotment/submission Week
Test 1	To assess and enhance students' grammatical accuracy and understanding through grammar-based multiple-choice questions.	30 MCQs based on grammar	Individual	Offline	30	5/6
Presentation-Individual 1	To enhance students' communication skills through effective presentation of a structured Skills Tree and articulation of a SWOT analysis with clarity, coherence, and precision, fostering self-expression, grammatical accuracy, and vocabulary enrichment through experiential learning and peer interaction.	In this assessment, students will create a graphical Skills Tree using a given list of adjectives and deliver a SWOT analysis through a video presentation, which will be shared on LinkedIn by the student tagging the official page of their respective school. This initiative aims to help students take a structured approach to their personal and professional development. Pedagogy and Steps: Students will be presented with a model of Skills Tree and with help of the schools, a complete list of Skills, Certifications, Certificates, MOOC Courses etc. will be provided to the students and a mock session	Individual	Offline	30	9/11

		will be conducted in the practical classes and which later on students will emulate. Evaluation: 10 marks will be for preparing Skills Tree and SWOT presentation. parameters for video evaluation: Relevance to the theme (2 Marks), Grammar appropriateness (2 Marks), Vocabulary (2 Marks), Clarity and articulation (2 Marks) LinkedIn post (5 Marks) Speaking Evaluation (Session of questions in the practical class) (15 Marks) parameters: Vocabulary range (3Marks), Grammatical accuracy (3 Marks), Thematic Approach (3 Marks), Phonological Control (3 Marks), Fluency (3 Marks)				
Test 2	To provide personalized feedback, fostering continuous improvement, strengthening critical thinking and revision strategies, and developing effective communication skills for long-term academic growth, with AI intervention serving as a tool for reviewing learning and guiding students through targeted revisions and real-time feedback.	10 MCQs based on grammatical concepts from unit IV and V + 1 Writing based tasks + AI based beyond classroom activity evaluation (Review the Learning) To ensure the enhancement of language proficiency and writing skills, this CA aims to integrate AI tools like ChatGPT	Individual	Offline	30	12/13

		to support self-directed learning. The focus is on reviewing and generating summaries and pointers in both English and regional languages, reinforcing understanding of key concepts. Pedagogy and steps: In the AI based beyond classroom activity evaluation, students will provide notes from the classroom as prompt to Chat GPT. They will generate three brief reports from the same - one with content presented in five bullets, one in a 300 words paragraph in English language and one in regional language up to 300 words. Such submission will be made in practical numbers 6, 12, 27 and 32. Evaluation: Student is going to provide 4 submissions as mentioned in the IP and evaluation will be on the basis of following rubrics for each submission. Relevance of Content: 2.5 marks Coverage of Key Concepts: 2.5 marks Completeness of the Report: 2.5 marks Accuracy and Quality of AI Feedback: 2.5 marks

Plan for Practical:

Week Number	Practical Number	Broad Topic	Sub-topic	Other Readings	Learning Outcomes
1	1	Parts of Speech	Unit- 81,100,101,105,107 pair nouns and group nouns, reflexive and emphatic pronouns, royal order of adjectives, participle from of adjective (Worksheets) Domain specific JAM session (A Domain-Specific JAM: Just-A-Minute session offers experiential learning by providing students with the opportunity to engage in real-time, topic-focused discussions. It encourages active participation, critical thinking, and quick knowledge application, allowing learners to deepen their understanding through practical, hands-on interaction with the subject matter) Online platform: Speaking Pal (Speaking Pal is a mobile app which enhances English speaking skills through interactive lessons and real-time feedback, making learning engaging and effective)	R-1 and News Reading RW-27	Studying parts of speech helps students identify and categorize words, understand their functions in sentences, and improve sentence construction. This knowledge enhances their grammar and communication skills, making both written and spoken expression clearer and more effective

2	Parts of Speech	Online Platform: 7lynx (Students will use phone to participate in the activity. 7LYNX is a versatile online platform aimed at enhancing grammar skills through a comprehensive range of interactive exercises and lessons. It offers learners a wide array of grammar topics, allowing them to practice and reinforce key concepts with tailored quizzes and instant feedback. The platform is designed to cater to different learning needs, ensuring personalized progress at each step. Its intuitive interface and engaging features make it a practical tool for learners of all levels, helping to build a solid foundation in grammar and boost overall language proficiency) Domain specific JAM session (A Domain-Specific JAM: Just-A-Minute session offers experiential learning by providing students with the opportunity to engage in real-time, topic-focused discussions. It encourages active participation, critical thinking, and quick knowledge application, allowing learners to deepen their understanding through practical, hands-on	RW-17	Studying parts of speech helps students identify and categorize words, understand their functions in sentences, and improve sentence construction. This knowledge enhances their grammar and communication skills, making both written and spoken expression clearer and more effective
---	-----------------	--	-------	---

			interaction with the subject matter)		
	3	Parts of Speech	Execution Strategy- (Guess the Day 1 Company with Grammar Focus)		Analyzing and applying grammatical concepts to improve communication skills in a professional setting during the "Guess the Day 1 Company" activity
2	4	Parts of Speech	Unit- 108, 109, 113,123, 124, 125, 150-153 adjective and adverbs, adverbs and word order, combination of preposition with nouns and adjectives, linking words (Worksheet) Current affairs based extempore (A current affairs-based extempore offers experiential learning by encouraging students to analyze and articulate their understanding of real-world issues spontaneously. This format promotes critical thinking, enhances communication skills, and allows learners to connect theoretical knowledge with contemporary events, fostering a deeper, more practical understanding of global affairs)	R-1 and News Reading	Studying parts of speech helps students identify and categorize words, understand their functions in sentences, and improve sentence construction. This knowledge enhances their grammar and communication skills, making both written and spoken expression clearer and more effective
	5	Parts of Speech	Online platform: Baamboozle (Students will use phone to participate in the activity. Baamboozle is an engaging online platform for practicing grammar, offering interactive	RW-14 RW-21	Studying parts of speech helps students identify and categorize words, understand their functions in sentences, and improve sentence construction. This knowledge enhances their grammar and communication skills, making both written and spoken expression clearer and more effective

		quizzes and challenges. Teachers can create custom games or use pre-made ones to help students apply grammar rules in a fun, game-like environment. Its visually appealing design encourages collaboration and active participation, making grammar practice both enjoyable and effective for learners) SWOT Analysis (SWOT analysis is a strategic tool used to evaluate the Strengths, Weaknesses, Opportunities, and Threats of an organization, project, or individual. It helps identify internal and external factors that can impact success, guiding informed decision-making and strategic planning) Online platform: SWOTly (SWOTly is a platform that simplifies strategic planning by analyzing Strengths, Weaknesses, Opportunities, and Threats, helping users gain insights and create actionable plans for growth and success)		
6	Parts of Speech	SWOT Analysis (SWOT analysis is a strategic tool used to evaluate the Strengths, Weaknesses, Opportunities, and Threats of an organization, project, or individual. It helps	RW-19 RW-20	Designing and delivering a SWOT analysis presentation, synthesizing key insights to support strategic decisions and communicate findings effectively Reviewing and generating pointers and paragraphs in English and regional language to ensure a crisp revision of the content learnt with the help of AI(ChatGPT)

		identify internal and external factors that can impact success, guiding informed decision-making and strategic planning) Review the Learning- Beyond the Classroom Activity Submission (The "Learning Beyond the Classroom" activity submission encourages students to apply theoretical knowledge in real-world settings, fostering practical skills and deeper learning. It emphasizes experiential learning through activities outside the traditional classroom, promoting personal growth, problem-solving, and critical thinking in diverse contexts) Online platform: Google Docs, Grammarly (Google Docs and Grammarly work together to enhance writing by providing a seamless platform for creating and editing documents while receiving real-time feedback. Google Docs offers a collaborative space for structuring and organizing content, while Grammarly integrates to refine grammar, style, and coherence, ensuring polished and professional results)		
--	--	---	--	--

3	7	Tenses Review	Unit-6,10,14,15 comparison of present continuous or present simple, past continuous or past simple, present perfect or past simple (Worksheets) SDG-13 climate action-based debate (Topic from the SDG mentioned will be the base where for and against motions will be initiated and seconded by the students)	R-1 and News Reading	Reviewing of tenses will help students identify and use different tenses accurately in context. They will learn to construct sentences that clearly express the time and sequence of events, improving their overall communication in both writing and speaking
	8	Tenses Review	Online platform: Quizizz (Students will use phone to participate in the activity. Quizizz leverages AI to enhance teaching and learning through automated grading, real-time feedback, and personalized learning pathways. AI adjusts question difficulty based on student performance and helps instructors create customized learning plans. It boosts engagement with game mechanics and multimedia content tailored to diverse learning styles. AI-driven analytics offer valuable insights into student performance and predict outcomes, allowing for targeted interventions. Overall, Quizizz integrates AI to optimize assessment, instruction, and	RW-12 RW-22	Reviewing of tenses will help students identify and use different tenses accurately in context. They will learn to construct sentences that clearly express the time and sequence of events, improving their overall communication in both writing and speaking

		student engagement) Competence Mapping and Skills Tree (Competence mapping and skills trees are tools used to assess and visualize the skills and competencies required for specific roles or tasks. They help identify gaps in knowledge and abilities, enabling targeted development and training to enhance performance. These frameworks guide individuals or teams in achieving proficiency through structured learning paths) Online platform: Miro's (Miro's visual tools provide an interactive platform for designing and evaluating skills through mapping and brainstorming. With its intuitive interface, users can create skill maps, visualize relationships, and assess areas for improvement, fostering better planning and collaboration)		
9	Tenses Review	Competence Mapping and Skills Tree (Competence mapping and skills trees are tools used to assess and visualize the skills and competencies required for specific roles or tasks. They help identify gaps in knowledge and		Analyzing, evaluating, and mapping competencies to create a comprehensive skills tree, aligning personal abilities with career goals

			abilities, enabling targeted development and training to enhance performance. These frameworks guide individuals or teams in achieving proficiency through structured learning paths.)		
4	10	Tenses Review	Unit-17,19,21 present perfect continuous or simple, review of present and past tenses, review of past simple, continuous and perfect (Worksheets) Domain specific jam session (A Domain-Specific JAM: Just-A-Minute session offers experiential learning by providing students with the opportunity to engage in real-time, topic-focused discussions. It encourages active participation, critical thinking, and quick knowledge application, allowing learners to deepen their understanding through practical, hands-on interaction with the subject matter)	R-1 and News Reading	Reviewing of tenses will help students identify and use different tenses accurately in context. They will learn to construct sentences that clearly express the time and sequence of events, improving their overall communication in both writing and speaking
	11	Tenses Review	Online platform: Jeopardy (Students will use phone to participate in the activity. The online platform Jeopardy serves as an effective AI intervention	RW-13	Developing critical thinking, effective communication, and argumentation skills, enabling students to articulate and defend their opinions and perspectives.

		for enhancing learning through gamified experiences. By leveraging AI, it dynamically adapts questions to suit the user's skill level, ensuring personalized learning. This approach fosters engagement and retention, making it particularly useful for subjects like grammar, vocabulary, or general knowledge. The competitive format encourages active participation, transforming traditional learning into an interactive and enjoyable process) Discuss and Defend (The "Discuss and Defend" debate activity is designed to help students improve their argumentative skills, critical thinking, and public speaking abilities. In this activity, students are assigned a controversial or thought-provoking topic related to their field of study (e.g., engineering, technology, ethics, or societal issues). Students will be asked to research and present a well-structured argument from a specific perspective (for or against), and then defend their position during a class debate)		
12	Tenses Review	Execution Strategy- (Storytelling Circle)		Creating, sharing, and listening to stories, enhancing narrative skills and fostering creativity and communication

5	13	Modals Review	Unit- 44, 45, 46, 47, 48, 49 Comparative usage of modal verbs of ability, permission, possibility, necessity (Worksheets) Current affairs based extempore (A current affairs-based extempore offers experiential learning by encouraging students to analyze and articulate their understanding of real-world issues spontaneously. This format promotes critical thinking, enhances communication skills, and allows learners to connect theoretical knowledge with contemporary events, fostering a deeper, more practical understanding of global affairs) Online platform: ELSA speak (Elsa Speak improves English pronunciation with AI-driven feedback and personalized exercises, helping users enhance fluency anytime)	R-1 and News Reading RW- 25	Reviewing of modals will help students identify and use modal verbs (can, could, may, must, etc.) to express ability, permission, obligation, possibility, and advice. They will learn to construct sentences with modals to convey different meanings and improve their overall communication, using the appropriate modal for the intended tone and context
	14	Modals Review	Online platform: Jeopardy (Students will use phone to participate in the activity.
