| Week 5         | Lecture 5 | Grammar<br>(Future forms-<br>will and<br>going to,<br>future<br>perfect) | T-1<br><br>R-1 | RW-6 | Exploring future forms-<br>"will," "going to," and<br>the future perfect tense to<br>distinguish between<br>these forms and<br>understand their usage.<br><br>Page No: - 50, <b>Unit 5</b>                                                             | Enhancing precision and<br>clarity in communicating<br>future plans and predictions<br>effectively in speech and<br>writing.                       | Grammar<br>worksheets, &<br>ppt |  |
| Week 6         | Lecture 6 | Grammar<br>(Expressions of<br>quantity-<br>countable and<br>uncountable) | T-1<br><br>R-1 | RW-3 | Exploring nuanced<br>expressions of quantity,<br>delving into the distinctions<br>and usage of countable and<br>uncountable nouns, and<br>enhancing linguistic<br>precision and understanding<br>in communication.<br><br>Page No: - 60, <b>Unit 6</b> | Applying nuanced<br>expressions of quantity<br>effectively to improve<br>clarity and accuracy in<br>both spoken and written<br>contexts.           | Grammar<br>worksheets, &<br>ppt |  |
| Week 7         | Lecture 7 | Spillover                                                                |                |      |                                                                                                                                                                                                                                                        |                                                                                                                                                    |                                 |  |
| <b>MIDTERM</b> |           |                                                                          |                |      |                                                                                                                                                                                                                                                        |                                                                                                                                                    |                                 |  |
| Week 8         | Lecture 8 | Grammar<br>(Modals and<br>related verbs)                                 | T-1<br><br>R-1 | RW-4 | Examining modals and<br>related verbs, exploring their<br>usage and impact on<br>expressing degrees of<br>necessity, possibility, and<br>obligation in<br>communication.<br><br>Page No: - 70, <b>Unit 7</b>                                           | Developing skills in using<br>these verbs to convey<br>precise meanings and<br>enhance clarity in<br>communication contexts.                       | Grammar<br>worksheets, &<br>ppt |  |
| Week 9         | Lecture 9 | Grammar<br>(Relative<br>clauses- present<br>and past<br>participles)     | T-1<br>R-1     | RW-9 | Discussing the utilization of<br>Relative Clauses- Present<br>and Past Participles.<br><br>Page No: - 80, <b>Unit 8</b>                                                                                                                                | Enriching students' ability<br>to construct complex<br>sentences, add details and<br>precision, and enhance the<br>overall cohesion of<br>writing. | Grammar<br>worksheets, &<br>ppt |  |

|         |            |                                                                            |                |      |                                                                                                                                                                                                                                       |                                                                                                                                                                                                |                                 |  |
|---------|------------|----------------------------------------------------------------------------|----------------|------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|--|
| Week10  | Lecture10  | Grammar<br>(Expressin<br>g habits-<br>used to/be<br>used to,<br>and would) | T-1<br><br>R-1 | RW-7 | Exploring the grammar of<br>expressing habits through<br>"used to," "be used to," and<br>"would" to convey past<br>routines, familiarities, and<br>repeated actions.<br><br>Page No: -90, <b>Unit 9</b>                               | Enhancing the ability<br>to convey usage of<br>past routines and<br>familiarities with<br>precision in spoken<br>and written<br>communication.                                                 | Grammar<br>worksheets, &<br>ppt |  |
| Week11  | Lecture11  | Grammar<br>(Modal<br>verbs of<br>probability<br>in the past)               | T-1<br><br>R-1 | RW-8 | Examining modal verbs of<br>probability in the past,<br>exploring how these verbs<br>express likelihood or<br>certainty about past events.<br><br>Page No: - 103, <b>Unit 10</b>                                                      | Mastering the use of<br>modal verbs like "must<br>have," "might have,"<br>and "could have" to<br>express past<br>probabilities<br>accurately.                                                  | Grammar<br>worksheets, &<br>ppt |  |
| Week12  | Lecture12  | Grammar<br>(Hypothesi<br>zing-<br>expressions<br>with if)                  | T-1<br><br>R-1 | RW-8 | Exploring expressions with<br>"if," examining how<br>different conditional<br>structures convey<br>possibilities, hypothetical<br>situations, and their<br>outcomes in communication<br>skills.<br><br>Page No: - 110, <b>Unit 11</b> | Developing<br>proficiency in<br>constructing and<br>applying conditional<br>sentences using "if" to<br>express hypothetical<br>situations and<br>possibilities accurately<br>in communication. | Grammar<br>worksheets, &<br>ppt |  |
| Week 13 | Lecture 13 | Grammar<br>(Articles<br>and<br>determiners<br>)                            | T-1<br><br>R-1 | RW-3 | Examining roles of articles and<br>determiners in specifying nouns<br>and indicating familiarity or<br>specificity.<br><br>Page No: -120, <b>Unit 12</b>                                                                              | Understanding and<br>exploring the functions<br>of articles and<br>determiners in both<br>written and spoken<br>communication.                                                                 | Grammar<br>worksheets, &<br>ppt |  |
| Week14  | Lecture14  | Spill Over                                                                 |                |      |                                                                                                                                                                                                                                       |                                                                                                                                                                                                |                                 |  |
| Week15  | Lecture15  | Spill Over                                                                 |                |      |                                                                                                                                                                                                                                       |                                                                                                                                                                                                |                                 |  |

**Scheme for CA:**

CA Category of this Course Code is: A0303 (3out of 3)

| COMPONENT                 | WEIGHTAGE |
|---------------------------|-----------|
| Presentation – individual | 33.33%    |
| Interview                 | 33.33%    |
| Test 1                    | 33.33%    |

| Academic Task             | Objective                                                                                              | Detail of Academic Task                                                                                                                                | Nature of Academic Task (group/individuals) | Academic Task Mode | Marks | Allotment/submitmission Week |
|---------------------------|--------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------|--------------------|-------|------------------------------|
| Presentation – individual | To present and articulate one's academic and professional achievements through a structured portfolio. | Each student delivers a short oral presentation of their academic portfolio, followed by Q&A.                                                          | Individual                                  | Offline            | 30    | 3/4                          |
| Interview                 | To evaluate students based on their interview skills.                                                  | Students will be given a range of job descriptions (JDs) and assessed on specific interview skills through a virtual platform.                         | Individual                                  | Online             | 30    | 9/10                         |
| Test 1                    | To scrutinize students' Listening, reading & writing skills                                            | Listening to a track,, reading comprehension comprising true/ false/not given questions, fill in the blanks, or multiple choice questions and writing. | Individual                                  | Offline            | 30    | 11/12                        |

Plan for Practical: (Please do not use these time slots for syllabus coverage)

| Practical No | Lecture Topic                                                                                                                                                                                                                                                                                                                  | Type of pedagogical tool(s) planned (case analysis, problem solving test, role play, business game, etc.) |
|--------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------|
